Luxe By Madiha General Office SOPs

Oct 19, 2026 · @Madiha Diwan

1. Purpose, Scope and Document Control

These SOPs set one standard for how every Luxe By Madiha employee works, behaves and reports, so daily operations run consistently and fairly. They apply to all 11 roles, from the Owner to the Documentation & Compliance Coordinator, and to interns, contractors and visitors while on our premises.

Hours, leave days and similar figures are proposed defaults. The Owner confirms or changes them at approval (Section 12).

Item	Detail
Document no.	LBM-SOP-GEN-001
Title	General Office SOPs
Version	1.0, draft for approval
Document owner	Documentation & Compliance Coordinator
Reviewer	CEO
Approver	Owner
Effective date	Date of the Owner's signature
Next review	12 months after the effective date
Related documents	IT and security procedures issued by the IT Manager and Security Manager

2. Office Timings, Attendance and Punctuality

Management and support roles work 10:00 am to 6:00 pm, Monday to Friday. Customer-facing staff work a rota that covers store hours, 11:00 am to 8:00 pm, Monday to Saturday.

Group	Roles	Days	Hours	Break
Management and support	HR / Sales / Marketing Manager, Finance Director, IT Manager, Security Manager, Documentation & Compliance Coordinator	Mon to Fri	10:00 am to 6:00 pm	60 min
Rota staff	Sales Executive, Marketing Executive, Operations Officer, Supervisor	Mon to Sat, one fixed day off	Early 10:30 am to 6:30 pm or late 12:30 pm to 8:30 pm	60 min
Leadership	Owner, CEO	Set by the role	Attend all scheduled leadership meetings	Flexible

1. **Record attendance daily.** Every employee marks arrival and departure in the attendance register. The Supervisor keeps the register.
2. **Arrive on time.** A 10-minute grace period applies, up to 3 times a month. After that, a late arrival is noted and the line manager gives a verbal reminder.
3. **Tell your manager before you are late.** Call or message your line manager before your shift starts. Arriving 30 minutes or more late without notice counts as a half-day absence.
4. **Report absence by phone before the shift.** A text alone is not enough. No contact for two working days is treated as unauthorized absence under Section 11.
5. **Work overtime only with written approval** from the line manager. The Finance Director is told so payroll or time off in lieu is handled correctly.
6. **Take breaks on the rota.** Meal and prayer breaks sit inside the 60-minute break. The Supervisor staggers them so the store floor is never left unattended.
7. **Work remotely only by exception.** The line manager approves each day in advance, and the IT security rules still apply.
8. **Submit the monthly attendance report.** The Supervisor sends it to the HR / Sales / Marketing Manager by the third working day of the month. The Finance Director uses it for payroll.

3. Leave Procedures

Planned leave is requested in advance and approved by the line manager. Unplanned leave is reported before the shift starts.

Leave type	Proposed entitlement per year	Notice	Evidence
Annual leave	14 working days	7 days for 3 or more days, otherwise 2 days	None
Casual leave	8 days, no more than 2 in a row	Before the shift starts	None
Sick leave	8 days	Before the shift starts	Medical certificate for 2 or more consecutive days
Bereavement leave	3 days per immediate family death	As soon as possible	None
Maternity and paternity leave	As required by applicable law	As early as possible	As set out by the HR / Sales / Marketing Manager
Unpaid leave	Up to 30 days, case by case	14 days	Written request, approved by the CEO

How to request leave

1. The employee fills in the Leave Request Form (Appendix A) and sends it to the line manager.
2. The line manager checks rota cover and replies within 2 working days.
3. The HR / Sales / Marketing Manager records approved leave in the leave tracker and tells the Supervisor to update the rota.
4. The Finance Director receives a monthly leave summary for payroll.

Rules that apply to everyone

- **Approvers.** Staff are approved by their line manager. Managers are approved by the CEO. The CEO is approved by the Owner.
- **Peak periods.** No annual leave in the two weeks before Eid or during a seasonal sale launch unless the CEO approves, because these are our busiest sales periods.
- **Emergency leave.** Call your line manager before the shift. Submit the form and any evidence within 2 working days of returning.
- **Public holidays.** The HR / Sales / Marketing Manager publishes the holiday calendar each January. Staff asked to work on a holiday receive time off in lieu.
- **Carry forward.** Up to 5 unused annual leave days move to the next year. Unused casual and sick leave lapse.
- **Misuse.** False sick leave claims or leave taken without approval are handled under Section 11.

4. Dress Code

Dress neatly and modestly so every employee reflects the brand. Customer-facing staff wear smart ready-to-wear in the brand's neutral palette of cream, brown, black and white.

Setting	Standard
Office days	Smart casual: kurta or shalwar kameez, or shirt and trousers. Closed shoes or neat sandals.
Store floor and customer meetings	Pret outfits in brand neutrals, ironed or steamed. ID badge worn visibly. Light grooming and no strong perfume, since customers use the fitting rooms.
Shoots and events	Dress follows the campaign brief from the Marketing Executive.

Not acceptable at work: torn or stained clothing, slogans that could offend, beachwear and flip-flops.

Exceptions. Religious and medical needs are accommodated. Speak to the HR / Sales / Marketing Manager in confidence.

Enforcement. The Supervisor gives a private reminder first. Repeated breaches move to Section 11.

5. Workplace Behavior and Conduct

Everyone treats colleagues, customers and suppliers with respect, honesty and discretion.

- **Respect.** Use courteous language. No shouting, insults, gossip or discrimination based on gender, religion, ethnicity, disability or age.
- **Zero tolerance for harassment and bullying.** Report it to the HR / Sales / Marketing Manager, or to the CEO if the concern involves that manager. Reports are handled confidentially and retaliation is a disciplinary offence.
- **Confidentiality.** Customer data, pricing, supplier terms, financial figures and unreleased collections stay inside the company. Do not photograph internal documents or screens.
- **Authenticity claims.** Never describe, tag or sell an item as authentic unless it has passed the stock check. This protects our central promise to customers.
- **Conflicts of interest.** Declare to the CEO any family or personal interest in a supplier, customer or competitor. Declare gifts beyond a small token to the Documentation & Compliance Coordinator.
- **Customers.** Greet every customer, never argue, and pass complaints to the Supervisor the same day.
- **Phones and social media.** Personal use is for breaks only. On the store floor, phones stay silent and out of sight. Do not post about customers, colleagues or internal matters.
- **Substances and smoking.** No alcohol or illegal drugs on premises or during work. Smoking only in the designated outdoor spot.

6. Cleanliness and Housekeeping

Each person keeps their own area clean every day. The Operations Officer owns the schedule for shared areas.

Area	Frequency	Responsible
Desks and workstations	End of every shift	Each employee
Store floor, racks and fitting rooms	At opening and closing	Sales team on shift

Area	Frequency	Responsible
Stock room and packing area	Tidied weekly, spills cleaned at once	Operations Officer
Pantry and kitchen	Cups washed the same day, fridge cleared every Friday	Rostered pair, rota set by the Supervisor
Restrooms	Cleaned twice daily, checklist signed	Operations Officer verifies
Waste	Emptied daily	Cleaning staff

- **Clean desk.** Confidential papers are locked away and screens are locked at the end of the day.
- **Food.** Eat only in the pantry, never near stock, garments or fitting rooms.
- **Hazards.** Report spills, loose wiring, blocked exits or damaged fixtures to the Security Manager at once.
- **Records.** Signed cleaning checklists are kept for 3 months.

7. Meeting Protocols

Meetings are short, scheduled and end with a named owner and a due date for every action.

Meeting	When	Chair	Attendees	Length
Daily huddle	Every working day, 10:45 am	Supervisor	Sales, Marketing and Operations staff on shift	10 min
Weekly operations review	Monday, 11:00 am	CEO	All managers, Supervisor, Documentation & Compliance Coordinator	45 min
Monthly performance review	First working week of the month	CEO	All staff, Owner invited	60 min
Quarterly strategy meeting	Once a quarter	Owner	Owner, CEO and all managers	90 min

1. **Before.** The chair sends the agenda 24 hours ahead for every meeting except the daily huddle.
2. **During.** Start and finish on time. One person speaks at a time. Phones are silent and laptops are used only for meeting work.
3. **If you cannot attend.** Tell the chair beforehand, send your update in writing and name a delegate.
4. **Minutes.** The Documentation & Compliance Coordinator records decisions and actions (action, owner, due date) and circulates them within 1 working day.
5. **Follow-up.** Open actions are the first item at the next weekly review.
6. **Online meetings.** Join on time, mute when not speaking and keep your camera on for the weekly and monthly reviews.

8. Use of Office Equipment, Resources and Shared Spaces

Company equipment is for business use, assigned by name and returned in working condition.

Resource	Rule	Responsible
Computers, laptops, tablets	Assigned and logged by name. Lock the screen when away. Install only approved software. Details are in the IT procedures.	IT Manager
Printers and scanners	Business use only. Print only what is needed. Report faults the same day.	Operations Officer
Stationery and supplies	Request through the supply register. Reorder when stock reaches the minimum level.	Operations Officer
Company phones and social accounts	Business use only. Passwords are never shared outside the IT rules.	IT Manager, Marketing Executive
Garment steamers, tagging tools, packing materials	Signed out and returned after use.	Supervisor

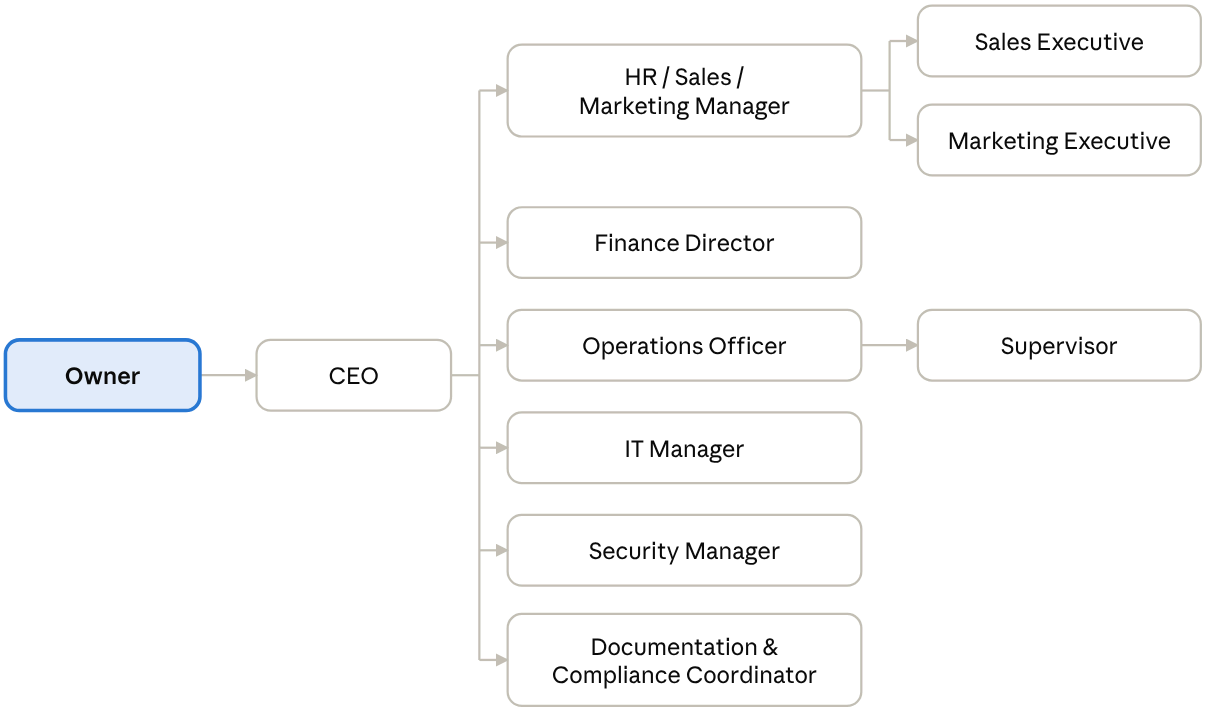

Resource	Rule	Responsible
Photography backdrops, mannequins and props	Booked on the shared calendar. Returned clean and undamaged.	Marketing Executive
Meeting room	Booked on the shared calendar. Released if not needed. Left tidy.	Documentation & Compliance Coordinator
Stock room	Entry limited to the access list. Every stock movement is recorded.	Operations Officer, Security Manager

- **Loss or damage.** Report it to the Operations Officer the same day. Negligence or deliberate misuse is handled under Section 11.
- **Bag checks.** The Security Manager's team may check bags at exit, politely and with a second staff member present.
- **Personal items.** Keep them in your locker, never in the stock room or on the store floor.
- **Closing.** The last person out switches off lights, air conditioners and devices and follows the Security Manager's locking checklist.
- **Personal use.** Brief and occasional only. Company equipment is not used for outside work.

9. Roles, Responsibilities and Reporting Lines

Every role reports to one named manager, and every employee reaches the Owner through the CEO.

Every role reaches the Owner through the CEO

reporting lines · 11 roles, 3 levels

The CEO has six direct reports. The Sales and Marketing Executives report to the HR / Sales / Marketing Manager, and the Supervisor reports to the Operations Officer.

Role	Reports to	Key responsibilities
Owner	None	Vision, mission, strategic direction, final policy approval
CEO	Owner	Executive leadership, decisions, overall business performance
HR / Sales / Marketing Manager	CEO	Hiring, leave and discipline records, oversight of sales and marketing
Finance Director	CEO	Budgets, expense monitoring, payroll, financial reporting
Operations Officer	CEO	Daily operations, stock, resource allocation, workflow

Role	Reports to	Key responsibilities
IT Manager	CEO	Systems, software, access control, backups, data protection
Security Manager	CEO	Premises security, workplace safety, incident response
Documentation & Compliance Coordinator	CEO	Policy documents, document control, minutes, compliance tracking
Sales Executive	HR / Sales / Marketing Manager	Lead generation, customer acquisition, follow-ups, sales conversion
Marketing Executive	HR / Sales / Marketing Manager	Brand awareness, campaigns, digital marketing, content
Supervisor	Operations Officer	Task monitoring, team supervision, quality control, attendance register

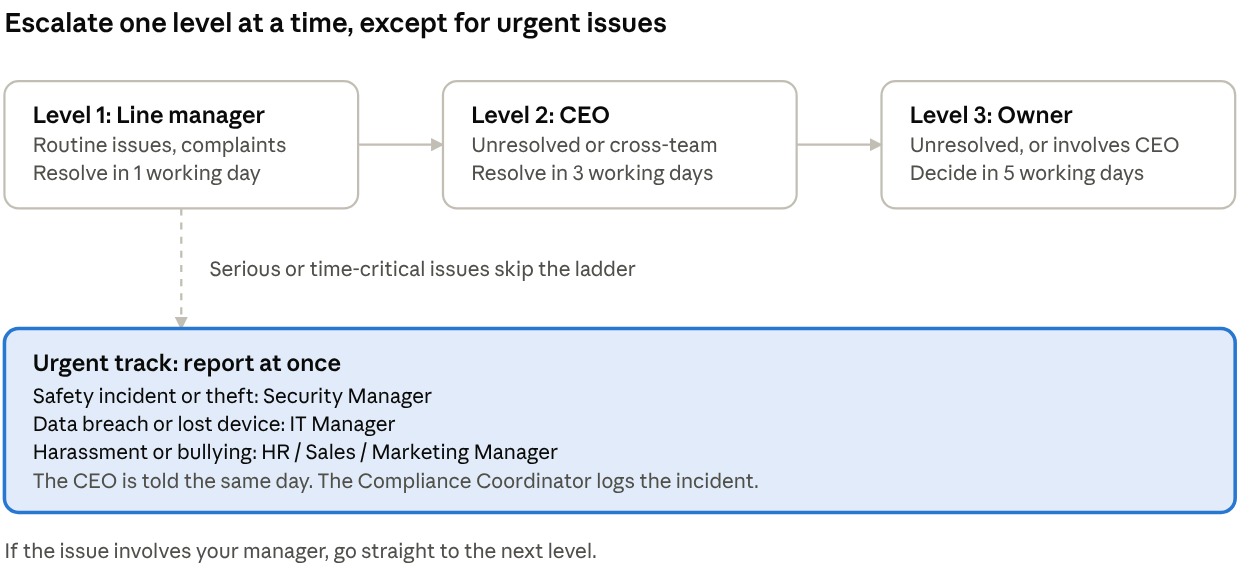

The Supervisor directs day-to-day tasks for rota staff. Leave, appraisal and discipline stay with the formal line manager shown above.

Responsibilities of every employee

- Follow these SOPs and the instructions of your line manager.
- Complete tasks accurately and on time, and report problems early.
- Protect company property, customer data and the brand's reputation.
- Keep your own records, such as timesheets and expense claims, accurate.
- Raise concerns through the escalation steps in Section 10.

10. Escalation Procedures

Raise an issue with your line manager first. Move up a level only when the time limit passes or the issue is beyond that level's authority.

escalation path · 3 levels and an urgent track

The table below gives who handles each level and the time limits.

Level	Who	Handles	Time limit
1	Line manager	Routine issues, task conflicts, customer complaints	Resolve within 1 working day
2	CEO	Issues unresolved at Level 1, conflicts between teams, policy exceptions	Resolve within 3 working days
3	Owner	Issues unresolved at Level 2, matters involving the CEO, legal or financial exposure beyond the CEO's authority	Decide within 5 working days

Staff whose line manager is the CEO start at Level 2.

Urgent issues

Safety incidents, theft, harassment and data breaches skip the ladder. Report them at once to the Security Manager (safety, theft), the IT Manager (data breach, lost device) or the HR / Sales / Marketing Manager (harassment). The CEO is told the same day, and the Documentation & Compliance Coordinator logs the incident.

How to escalate

1. Write an Escalation Note (Appendix B) with the issue, its impact, what has been tried, what you need and by when.
2. Send it to the next level and copy your line manager, unless the issue is about them.
3. The receiving manager acknowledges within 1 working day and tells you the next step.
4. The Documentation & Compliance Coordinator records the issue and its outcome in the issue register.

If the issue involves your manager, go straight to the next level. Compliance concerns can also go directly to the Documentation & Compliance Coordinator or the Owner. No one is penalized for raising a concern in good faith.

11. Disciplinary Process

Discipline is fair, documented and proportionate. Most issues start with a conversation, and serious misconduct can skip steps.

Step	Action	Who decides	Record
1	Verbal reminder, with the standard explained	Line manager	Short note in the employee file
2	First written warning	HR / Sales / Marketing Manager with the line manager	Warning letter, valid for 6 months
3	Final written warning	CEO	Warning letter, valid for 12 months
4	Suspension pending investigation, or termination	CEO, with Owner approval for termination	Decision letter with reasons

Examples by seriousness. Repeated lateness, dress code breaches and untidy areas start at Step 1. Unauthorized absence, ignoring instructions and discourtesy to customers start at Step 2. Theft, fraud, harassment, falsifying records, selling items as authentic without a stock check, breaching data confidentiality or violence can lead straight to Step 4.

Investigation and hearing

1. The HR / Sales / Marketing Manager records the allegation and appoints an investigator who is not involved in the case.
2. The employee is told in writing what is alleged and has at least 2 working days to prepare a response.
3. The employee may bring a colleague to the meeting and is heard before any decision.
4. The decision and reasons are given in writing within 5 working days of the meeting.

Appeal and records

- An employee can appeal in writing to the next level within 5 working days of the decision. The Owner decides appeals against termination.
- Appeals are decided within 7 working days, and the appeal decision is final.
- The HR / Sales / Marketing Manager keeps disciplinary records confidentially. The Documentation & Compliance Coordinator reviews the process each quarter to check it was applied consistently.
- Where a law requires a different procedure, the law applies.

12. Policy Review and Approval Process

These SOPs are reviewed every 12 months, and sooner when a law, a business change or a repeated incident requires it. Only the Owner can approve a new or changed version.

1. **Request.** Any employee sends a Change Request (Appendix C) to the Documentation & Compliance Coordinator, stating the section, the proposed change and the reason.
2. **Draft.** The Coordinator drafts the change with the manager who owns the process and marks it as a draft.
3. **Review.** The CEO checks that it fits the business, the Finance Director checks cost impact, and the IT Manager or Security Manager checks anything in their area.
4. **Approve.** The Owner approves or rejects in writing. Rejected changes return to the requester with reasons.
5. **Publish.** The Coordinator updates the version number and revision history, replaces the old copy in the controlled folder and archives it.
6. **Communicate.** The HR / Sales / Marketing Manager briefs staff within 5 working days, and every employee signs the acknowledgment (Appendix D).

Change type	Version step	Approval
Typo or wording fix with no change in meaning	1.0 to 1.1	CEO
New rule, changed limit or changed responsibility	1.0 to 2.0	Owner
Urgent change after an incident or a legal requirement	Interim notice, then formal version	CEO now, Owner within 10 working days

The Coordinator keeps one current version in the controlled folder. Printed copies are uncontrolled and are checked against the current version before use.

Appendices

Appendix A: Leave Request Form

Field	Entry
Employee name and role	
Leave type	
First and last day of leave	
Number of working days	
Reason (and medical certificate if sick leave of 2 or more days)	
Cover arranged with	
Line manager decision and date	

Appendix B: Escalation Note

Field	Entry
Raised by and date	

Field	Entry
Issue in two sentences	
Impact on customers, cost or safety	
What has been tried	
What is needed and by when	
Escalated to (Level 2 or 3)
